

What is a Friends Group?

(This text is just a placeholder, you can put information here about why people should get involved in your particular group).

A friends group is organized to support, assist, and promote the mission or activities of their State Park, their properties and facilities.

A friends group consists of motivated people in the community who understand the value and benefits of a state park and share a common goal to work with PPF and the DCNR in making that park or forest the best in the Commonwealth.
